

HUMAN SERVICES

GERONTOLOGY

Certificate of Completion

The certificate of completion in gerontology is designed to provide students with a comprehensive background in gerontology in order to fulfill a variety of roles within human service agencies, including family service; hospitals; schools; homes for the aged; community centers; and health, rehabilitation, welfare and related institutions. Courses may be credited toward an associate in science degree in general education. Students completing the degree could transfer to a four-year college.

- 3 s.h. General Psychology (PSYC 172)
