

Ocean County College, Toms River, NJ

ADMINISTRATION  
Administrative Operations  
Communicable Disease #2400

POLICY

The College shall establish criteria for evaluation of each case of diagnosed communicable disease.

ADOPTED: April 27, 1987

Reviewed: January 8, 1991

PROCEDURE

The Director of College Health Services shall be responsible for consistent analysis of each case of diagnosed communicable disease.

Based on the specific disease, analysis may include consultation with the New Jersey State Department of Health Division of Epidemiology and Disease Control, the Vice President of Student Affairs, and use of the American College Health Association Guidelines.

A person's right to confidentiality of information is superseded only by a legal requirement to inform others.

ADOPTED: May 21, 1996
