

POLICY

1. Academic Warning Notices

Professors have the option of submitting a notice of unsatisfactory progress to students in their classes at any time during the semester in order to advise the student of his or her academic standing in the class.

2. Academic Sanctions for Unsatisfactory Academic Progress: Grade Point Deficiency

The academic sanctions for failing to maintain satisfactory academic progress may include probation, special probation, academic restriction, and academic suspension. These sanctions will be imposed on students who either fail to earn sufficient grade points or who continue to withdraw excessively from classes. More specifically, any student who has completed 12 or more semester hours with a grade point average below 2.00 ("C" average) will have an academic sanction for grade point deficiency imposed in accordance with the chart below. In addition, any student whose grade point average is below 2.00 or who has failed to earn at least 50 percent of all credits registered for on the official day of counting student enrollment for two or more consecutive semesters during which he/she has attempted at least six credits will have an academic sanction imposed in accordance with the chart below. Where two sanctions apply, the more severe will be in effect.

ACADEMIC PROGRESS VIOLATIONS
Grade Point Deficiency

Academic Sanction	<u>Grade Point Deficiency</u>		Failure to earn 50% of credits**	Academic Consequence
	1-32*	33 or more*		
Probation	1-11	1-11	not applicable	Recommend not to enroll for more than 14 credits
Special Probation	12-20	not applicable	not applicable	Cannot enroll for more than 12 credits (four courses)
Academic Restriction	21 or more	12 or more	for two consecutive semesters of enrollment	Cannot enroll for more than 6 credits (two courses)
Academic Suspension	Academically restricted previously		for three consecutive semesters of enrollment or a second two consecutive semesters of enrollment violation	One year suspension from taking credit courses

*Credits attempted

**Credits registered for as of the official day of counting student enrollment

3. Developmental Probation/Restriction/Suspension

A. Developmental Probation

Students who fail to receive a grade of "C" or better in a developmental mathematics course (MATH 011 or MATH 012) will be placed on developmental probation.

- i. Full-time students placed on developmental probation will be limited to 12 credits (four courses) and must re-enroll immediately in the developmental mathematics course.
- ii. Part-time students placed on developmental probation must include the developmental mathematics course as part of their course load in the next semester in which they enroll.

B. Developmental Restriction

Students who fail to receive a grade of "C" or better in a developmental English course (ENGL 091 or ENGL 095) will be placed on developmental restriction:

- i. Students placed on developmental restriction are limited to a maximum credit load of twelve/thirteen semester hours. The credit load must include the needed developmental course. The remainder of the credit load must be selected from the approved Limited Load Course List in Procedure 5165, Attachment B.
- ii. Students placed on developmental restriction and failing to pass a developmental course on their second attempt are limited to a maximum credit load of six/seven semester hours. The credit load must include the needed developmental course. Any additional course must be selected from the approved Limited Load Course list in Procedure 5165, Attachment B.
- iii. Students failing to attain a grade of "C" or better in Reading and Writing I or II on their third attempt will be limited to enrolling only in that course until it is completed with a grade of "C" or better.

C. "W" Grade

Withdrawals from developmental courses will be handled as follows:

- i. A student receiving a grade of "W" for the first time in a specific course:
 - a) must enroll in the developmental course in the next semester in which he/she registers;
 - b) will not have the developmental restriction applied;
 - c) will be limited to a total of 14 semester hours.
- ii. A student receiving a grade of "W" more than one time in a specific developmental course will have the "W" grade treated as a "non-passing" grade and be subject to the actions prescribed under the developmental restriction section.

4. Student Appeals

A student placed on special probation, academic or developmental probation, restriction or suspension, may appeal the action to the Academic Standards Committee. The Committee will review the case and either:

- A. Permit the student to continue on probation for one semester as a full-time student with a limited credit load, or
- B. Permit the student to continue as a part-time degree or non-degree student, or
- C. Prescribe other appropriate action, or
- D. Sustain the original action.

5. Academic Forgiveness Appeals

A student who has exhibited poor academic performance prior to an extended period of absence from the College may, under certain conditions, appeal to have the previously earned grades disregarded in calculating the Grade Point Average (GPA).

An appeal must be submitted via the Director of Registration and Records to the Academic Standards Committee for the final decision. A student seeking an Academic Forgiveness Appeal should consult with the Financial Aid Office about the impact that an appeal might have on his/her financial aid and/or Veteran's benefits. A student transferring to another college will be bound by the incoming college's terms and conditions for acceptance of transfer credits.

The following apply for this special appeal process:

- A. The student's GPA prior to the period of absence from the College must have been below 2.00.
- B. A minimum of five years without OCC enrollment in credit courses must have elapsed prior to the student's re-enrollment.
- C. A student must complete a minimum of twelve (12) credits following reenrollment, with a minimum GPA of 2.50, prior to submitting the appeal.
- D. No credits or grades earned prior to the period of absence will be counted in the calculation of the new GPA or toward graduation.
- E. All previous coursework will continue to appear on the student's transcript. However, it will not be included in the cumulative GPA.
- F. Credits excluded as a result of the Academic Forgiveness Appeal cannot be used to meet course or program prerequisites or requirements.
- G. An academic forgiveness Appeal may be approved only once for any individual student and is irrevocable. If the appeal is approved, a notation will appear on the student's transcript.

6. Nursing Program

Non-passing Grades

In order to fulfill program requirements, students enrolled in the Nursing Program must obtain at least a "C" in all the courses listed in the Nursing Program curriculum guide, including NURS and BIOL courses and courses satisfying the OCC and general education requirements. A "D" in these courses (like an "F") is a non-passing grade.

A student who receives a non-passing grade in a BIOL course or in courses satisfying the OCC or general education requirements may repeat the course(s) in an attempt to attain a “C” grade.

A student receiving his/her first non-passing grade in a NURS course (clinical or non clinical) may repeat the course only once. If unsuccessful on the second attempt, the student is dismissed from the nursing program.

If a student achieves a second non-passing grade in a subsequent clinical NURS course (NURS 175, 176, 273, 274), he/she will fail out of the Nursing Program.

A student who has failed out of the nursing program due to academic (as opposed to clinical) performance may automatically apply for readmission.

A student who has failed out of the nursing program due to clinical performance in at least one NURS course cannot automatically reapply to the program but may contact the Nursing Program administrator for consideration on a case by case basis.

Readmission to the nursing program provides two options:

Option I

A student may reapply to the nursing program one time only after retaking Anatomy & Physiology I (BIOL 130), Anatomy & Physiology II (BIOL 131), and Student Success (ACAD 155) as Ocean County College Face-to-Face courses. A student must satisfy any new and/or additional requirements prior to acceptance.

Option II

A student may reapply to the nursing program one time only after successfully achieving an LPN license. A student must satisfy any new and/or additional requirements prior to acceptance. This student would be eligible to apply to the Traditional, OSOL or Career Mobility tracks. Upon acceptance into the program, the student must repeat all NURS courses regardless of any prior successful grades.

Nursing Program: Re-entry after Withdrawal/Failure

A nursing student may temporarily leave the Nursing Program for one semester and return the following semester without penalty. While not enrolled in courses, the student has inactive status in the program. Students who plan to seek inactive status must notify the Nursing Office in writing. A student may have no more than a four semester period of inactivity. The period of inactive status begins following the student’s last successful NURS course. A student is not guaranteed a seat in the course the next time it is offered.

If a student leaves for more than one semester, he/she must take and successfully achieve the passing grade for the OCC Test of Prior Nursing Knowledge and complete the required practicum before re-entering the program even if he/she has already successfully completed any NURS course. A student is not guaranteed a seat in the course the next time it is offered.

If a student exceeds the four semester limit (based on the last successful NURS course), he/she will be automatically dismissed from the nursing program and will be required to re-apply to the program and satisfy any new and/or additional requirements prior to acceptance. All prior NURS courses must be re-taken, even if the student had been successful in the past.

Program Requirements

A student enrolled in the Nursing Program must meet all requirements in a unit/course before progressing to the next unit/course. A student failing to meet requirements may appeal this decision in writing to the Appeals Board of the Nursing Department.

7. Prerequisite Requirements

A student must successfully complete all prerequisite courses before attending courses with prerequisite requirements. The offices of Academic Affairs, Student Affairs, and Admissions and Records will be responsible for establishing and enforcing the mechanisms for prerequisite compliance.
