OCC OFFERS NEW NON-CREDIT CAREER AND CERTIFICATE PROGRAMS

TOMS RIVER – Ocean County College’s **Department of Continuing and Professional Education** offers countless opportunities to enrich your life, including **brand-new, non-credit career and certificate programs.**

The more than 40 total career and certificate programs include the following new programs: Computer Support Specialist/System Administrator Certificate, Court Reporting Certificate Training, Master Certification in Business Resilience, Medical Insurance and Billing Practices Online, and Yoga Teacher/Therapist Training.

The department is also offering a new Web Design Specialist Certificate Program, as well as “green collar job” training, such as Building Performance Institute (BPI) Building Analyst I Training, BPI Envelope Professional Training, and Leadership in Engineering and Environmental Design (LEED) Green Associate Exam Prep. In addition, new Allied Health course offerings include Operating Room Nursing, Electronic Health Records Specialist, Dental Practice Administrator, and Endoscopy Assistant.

Classes are held on OCC’s Main Campus, College Drive, Toms River; and at various locations in Brick, Point Pleasant, and Toms River.

View the entire Department of Continuing and Professional Education spring 2010 non-credit course brochure online at www.ocean.edu to learn more.

Register online, by phone, or in person. For information, call OCC’s Department of Continuing and Professional Education at 732.255.0404 or visit www.ocean.edu.
