

Go to the App Store on your smart phone and download the  CamScanner-PDF Scanner App.

1. Once the download is complete, skip the intro, and press the Sign in/Register Button and follow the prompts to register your account.
2. It will ask you for your mobile phone and a password. You may also register with your email address and a password.
3. It may send you a verification text code to ensure the phone number is correct. If you register with your email, it will send you a verification request to your email.
4. I never allow notifications.
5. You can complete the demo.
6. You will need to allow access to your camera so that you can take pictures within the app
7. Once you get to the check mark, press that.
8. You will see the completed document.
9. At the bottom of the screen, hit the email icon.
10. Select Share PDF from the options.
11. Hit send.
12. Email the new document to yourself.
13. Go to your email and check to see that you received a CamScanner email with your document attached.
14. Hit the back arrow on the top left corner of the app to get back to the homepage.
15. Take a photo of a piece of paper and send it to wpeinfo@ocean.edu
