NURSING - A.A.S. Degree Program – Effective Catalog Year 2014-2015

Ocean County College’s nursing program is a planned, two-year curriculum of classroom study and clinical experience that prepares graduates for employment in the hospital and various health care settings. Successful completion of the program leads to the Associate in Applied Science (A.A.S.) degree and eligibility to take the licensure examination for Registered Nurses in New Jersey.

NURSING DEGREE REQUIREMENTS

Students must complete the following courses with a minimum grade of “C.”

FAQ’s

1. How long does it take to get into the Nursing Program?
   That will depend on how long it takes you to complete the requirements and how many other students have completed the requirements before you. You can expect to wait one to three semesters after you get a “Date of Completion” before your date gets to the top of the list.

2. What do I need to do to apply for the Traditional Nursing Program?
   You must complete an Application for Admission to OCC. You must also complete a Letter of Intent for Nursing. You must have an official copy of your high school transcripts sent to OCC, along with official transcripts from all other colleges you have attended. (Students interested in the On Site On Line Nursing Program should go the OCC website for the additional Supplemental Application for that program)

3. What is a “Letter of Intent”?
   A “Letter of Intent” is a form you can get in the Registration & Records Office that tells us you are still interested in the Traditional (Not the OnSite-OnLine) Nursing Program. You need to fill out a “Letter of Intent” every Fall and Spring semester until you are accepted or are no longer interested in Nursing.

4. What is a “Date of Completion”?
   A student establishes their “Date of Completion” when they have finished all the requirements to enter the Nursing Program.

5. Am I on the waiting list?
   There is no “List”. Each semester, every student who has submitted a “Letter of Intent” is evaluated. The students who have completed all the requirements are arranged in order by their “Date of Completion”. Acceptance letters are sent to the students with the earliest dates. Some students only fill out “Letters of Intent for Spring and some only for Fall. Some students check both. Each semester is a different “List.”

6. Can my “Date of Completion” change?
   Yes, if your grade point average drops below 2.7 after you have completed the requirements, you will lose your “DOC” until you bring your GPA up to a 2.7 again. Also, if you are offered a seat in the nursing program and decline it. Your new “Date of Completion” will be when you fill out a new “Letter of Intent” for a future semester.

7. Does living in Ocean County, give me preference over an out of county resident?
   Yes, Ocean County Residents are accepted first before out of county residents to the Traditional Nursing Program. With each “Letter of Intent” you will need to give us a copy of your Driver’s License so that you are given in-county preference. Nursing students must also be either a US citizen or have a valid Resident Alien (Green) Card. We will need a copy of the Green Card as well as your Driver’s License as proof in order to issue a Date of Completion. The State Board of Nursing will not issue a license to anyone who is not a Citizen or Resident Alien. Work or Student Visa’s are not acceptable.

8. What is the TEAS test?
   The TEAS test is a nursing entrance test that is required for acceptance into the OCC Nursing Program. It can be scheduled through the Testing Center (732) 255-0400 ext. 2240. The test is 3 ½ hours in length and covers English, Math and Science. The cost is $50.00.
9. **When can I take the TEAS test?** Students are directed to schedule the TEAS test when they feel ready to take it. It is recommended that students take the TEAS test when they are finished with their general education requirements. It must be taken at the OCC testing center. A study guide can be purchased in the college bookstore. Students must pass the TEAS test in order to receive a “Date of Completion.”

- If a student fails the TEAS test on their 1st attempt, they are required to enroll in (and complete the) TEAS Prep course [CEHS 332] prior to taking the test a 2nd time.
- If a student fails the TEAS test on their 2nd attempt, they are required to wait 6 weeks before taking it the 3rd time.
- If a student fails the TEAS test on their 3rd attempt they are required to wait 2 years before they can test again.

10. **Do I need to take Microbiology to get into the program?** Microbiology is not a pre-requisite to enter the Nursing Program, but you do need to take it to complete the program.

11. **Can I take Nutrition?** Nutrition (NURS 174) is considered a nursing course. It is usually taken as a co-requisite with Nursing II

12. **Why do I need a background check?** Anyone who works in a hospital is required to have a clean background check. Nursing Applicants who are in their final semester of completing the Nursing prerequisites need to institute a criminal background check with Adam Safeguard. Go to: [www.adamsafeguard.com](http://www.adamsafeguard.com) Click on “School Background” under “Online Access” and locate Ocean County College. The school code is “occ” You will not receive a “Date of Completion” without a clean background check.

13. **I finished all my requirements but still didn’t get an acceptance letter. What do I do now?** This can happen because so many people are interested in the Nursing Program. You can take Microbiology if you haven’t yet. Kean University offers a BSN program through Kean @ Ocean and you can take the classes that they recommend towards your Bachelor Degree. A Kean advisor is available in the Kean office located in the Library if you have any questions.

14. **I got accepted into the program, but I changed my mind. What do I do?** Please, let us know in writing ASAP. Each semester we have at least 200 people who are hoping for that seat.
Dear Prospective Nursing Student:
Thank you for your interest in the Ocean County College Nursing Program. Our Nursing Program is a selective program with specific entrance requirements that must be met before a student can begin the program. Applicants must submit all transcripts, including high school and each college attended (please do not assume we already have your transcripts from a period of prior enrollment at OCC). Applicants who have met all entrance requirements will be assigned a “date of completion.” Students are accepted into the Nursing Program on a first come first serve basis, based on this date. **Priority is given to in-county residents.**

All pre-nursing students must fill out a Letter of Intent for the Nursing Program every semester. This letter can be obtained from the Registration and Records Office.

Graduation from the Nursing Program requires completion of all Nursing General Education courses (listed on back), all Nursing courses, and Microbiology. We encourage you to meet with the Academic Advising Office to discuss admissions requirements and course selection.

**ADMISSION REQUIREMENTS FOR NURSING STUDENTS**  
**Applicants must meet ALL of the following criteria:**

1. High school graduate or GED. Official transcript must be provided.
2. Complete either A, B, or C.
   
   A. Minimum scores on the ACT or SAT examinations as follows:
      - ACT examinations – Composite 24 or higher
      - SAT I minimum of 1100 combined Math and Critical Reading

   **NOTE:** Students entering the program under this requirement can take their Nursing General Education requirements concurrently with the Nursing Program, though it is strongly recommended you complete as many as possible in advance of starting the program.

   **OR**

   B. A Bachelors Degree from a regionally accredited college or university and successful completion of Anatomy & Physiology I & II with a grade of “C” or better.

   **NOTE:** Students entering the program under this requirement can take any other required Nursing General Education requirements concurrently with the Nursing Program. Be certain to find out which courses you received in transfer from your Bachelors Degree toward the Nursing General Education requirements so you are clear what you still need to complete.

   **OR**

   C. Completion of all (9) Nursing General Education requirements (listed on back) with a minimum “C” or higher in each course and a cumulative college GPA of 2.7 or higher. All previous colleges are considered in this grade point average calculation.

3. Test of Essential Academic Skills (TEAS) passed as determined by the college. Students can schedule this test when they feel ready to take it. The test can be scheduled by calling the Testing Center at 732-255-0401. Further information on this test, including a review course and rules about retaking the test in the event you do not pass it, can be found at
Nursing General Education Requirement
(Minimum grade of C required)
ENGL 151 AND 152 (English I and II)
PSYC 172 (General Psychology)
MATH 156 or a higher level Math
One GenEd Humanities course from approved list*
CHEM 180 or 181
BIOL 130 and 131 (Anatomy & Physiology I and II)**

*See Advising or check our web site (www.ocean.edu) for the official approved list of GenEd courses.

**If you have already taken Anatomy & Physiology I and II, but did so more than 5 years ago, it is highly recommended you repeat these courses in order that your science knowledge is sufficient to pass the TEAS test and handle the rigors of science-intensive Nursing courses. Repeating these courses will not hold up your date of completion, as we will still use the date you met the requirements the first time.

4. Our clinical facilities require students to have a criminal background check before they are allowed access to their facilities. Additionally, graduates of our Nursing Program will be required to undergo an even more extensive background check. Background Check Completed and Passed. {All Nursing Applicants who are in their final semester of completing the Nursing Prerequisites need to institute a criminal background check with Adam Safeguard.} Go to: www.adamsafeguard.com Click on “School Background” under “Online Access” and locate Ocean County College. You will not receive a “Date of completion without a completely clean background check.

All students must take the College Placement Test before registering for courses, unless exempt by SAT scores (540 or higher in critical reading, 530 or higher in math). Students requiring developmental courses must complete these requirements first.

Licensed Practical Nurses (LPN) are advised to contact the Nursing Department for information about the Nursing Mobility Program. Students interested in our On Site Online Nursing Program can find information and a separate application at http://www.ocean.edu/academics/programs_of_study/Nursing/one.htm
If you require additional information, please feel free to contact the Office of Registration and Records.
