

POLICY

Children under the age of 18 who are not registered students at Ocean County College, are allowed on campus property only under the immediate supervision of a parent, guardian, or registered student, or while participating in a scheduled program or event. Children are never to be left unsupervised and are prohibited from being left unattended in college buildings or on college grounds.

On an emergency basis only, it is the prerogative of faculty to permit children of enrolled students admission to regular classes. However, admission of children to scientific laboratory type settings is prohibited for safety reasons.
