

POLICY

GENERAL

The tennis courts basically are for the use of college students, faculty and staff, seven days per week, including days on which college buildings are closed. Use by non-college associates is regulated as indicated in this policy.

Regularly scheduled instruction and team practice sessions have priority of use over all other activities.

PROCEDURE FOR COLLEGE USE

During non-college hours (evenings, Saturdays, Sundays, Holidays, and vacation days) college students, faculty, and staff must present their identification card to the security officer on duty to gain admission to the courts.

PROCEDURE FOR NON-COLLEGE USE

Persons not officially associated with the college must obtain an authorization card from the Department of Health and Physical Education during normal working hours prior to the intended use of the courts. This card, indicating date and time of use, shall be presented to the security officer on duty to gain admission to the courts.
