ENGLISH 151 INSTITUTIONAL LEARNING OUTCOMES:

1. Written & Oral Communication (Communication)

- a. Students will communicate effectively in both speech and writing.
 - i. Students will explain and evaluate what they read, hear, and see.
 - ii. Students will state and evaluate the views and findings of others.
 - iii. Students will logically and persuasively state and support orally and in writing their points of view or findings.
 - iv. Students will evaluate, revise, and edit their communication.

2. Information Literacy

- a. Students will address an information need by locating, evaluating, and effectively using information.
 - i. Students will identify and address an information need.
 - ii. Students will access information effectively and efficiently.
 - iii. Students will evaluate and think critically about information.
 - iv. Students will use information effectively for a specific purpose.
 - v. Students will use information ethically and legally.

Learning Outcome Mapping

General Education Goal	Related Course Learning Outcome	Related Outline Component	Assessment (Recommended)
Written Communication	CLO1	1) The Essay	Assigned Essays
		2) Writing	
Information Literacy	CLO2	5) Information Literacy	Assigned Essays
Ethical Reasoning	CLO3	4) Ethical Reasoning	Assigned Essays

	Students who successfully complete this course will be able to:			
CLO1	Writing: Apply the writing process to invent, draft, revise, and edit academic essays.			
CLO2	Critical Thinking: Compose essays that assert and develop a debatable thesis statement using relevant evidence and employing academic discourse.			
CLO3	Ethical Reasoning: Analyze and synthesize textual evidence to produce academic writing with attribution. This includes evaluating issues and making decisions based on consideration of virtue, values, beliefs, rights, and obligations.			
CLO4	Information Literacy: Evaluate and integrate sources using proper documentation.

			research question.	
Access the Needed Information	Accesses information using effective, well-designed search strategies and most appropriate information sources.	Accesses information using variety of search strategies and some relevant information sources. Demonstrates ability to refine search.	Accesses information using simple search strategies, retrieves information from limited and similar sources.	Accesses information randomly, retrieves information that lacks relevance and quality.
Evaluate Information and its Sources Critically*	Chooses a variety of information sources appropriate to the scope and discipline of the research question. Selects sources after considering the importance (to the researched topic) of the multiple criteria used (such as relevance to the research question, currency, authority, audience, and bias or point of view).	Chooses a variety of information sources appropriate to the scope and discipline of the research question. Selects sources using multiple criteria (such as relevance to the research question, currency, and authority).	Chooses a variety of information sources. Selects sources using basic criteria (such as relevance to the research question and currency).	Chooses a few information sources. Selects sources using limited criteria (such as relevance to the research question).
Use Information Effectively to Accomplish a Specific Purpose	Communicates, organizes and synthesizes information from sources to fully achieve a specific purpose, with clarity and depth	Communicates, organizes and synthesizes information from sources. Intended purpose is achieved.	Communicates and organizes information from sources. The information is not yet synthesized, so the intended purpose is not fully achieved.	Communicates information from sources. The information is fragmented and/or used inappropriately (misquoted, taken out of context, or incorrectly paraphrased, etc.), so the intended purpose is not achieved.
Access and Use Information Ethically and Legally	Students use correctly all of the following information use strategies (use of citations and references; choice of paraphrasing, summary, or quoting; using information in ways that are true to original context; distinguishing between common knowledge and ideas requiring	Students use correctly three of the following information use strategies (use of citations and references; choice of paraphrasing, summary, or quoting; using information in ways that are true to original context; distinguishing between common knowledge and	Students use correctly two of the following information use strategies (use of citations and references; choice of paraphrasing, summary, or quoting; using information in ways that are true to original context; distinguishing between common knowledge and ideas requiring	Students use correctly one of the following information use strategies (use of citations and references; choice of paraphrasing, summary, or quoting; using information in ways that are true to original context; distinguishing between common knowledge and ideas requiring
