

Documentation Form

Medical Impairment or Chronic Medical Condition

This form is to be completed in its entirety by a qualified medical professional

Student's Name: _____ **OCC ID:** _____

The student named above is applying for disability accommodations and / or services through the Office of Disability Services ("Disability Services") at Ocean County College (OCC). To determine eligibility, a qualified professional must certify that the student has been diagnosed with a medical impairment or chronic medical condition and provided evidence that it represents a substantial impediment to a major life activity. It is important to understand that a diagnosis of a medical impairment or chronic medical condition in itself does not substantiate a disability. In other words, information sufficient to render a diagnosis might not be adequate to determine that an individual is substantially impaired in a major life activity.

This documentation form was developed as an alternative to traditional diagnostic reports. If a traditional diagnostic report is being submitted as documentation instead of this form, please refer to the Disability Services website (go.ocean.edu/DS) in order to view documentation guidelines. Disability Services expects the following regarding this documentation form:

- The form will be completed with as much detail as possible as partially completed form or limited responses may hinder the eligibility process.
- The diagnosis of a medical impairment or chronic medical condition was derived through a formal assessment
- The assessment information is not more than three years old.
- The form is being completed by an appropriate, qualified medical professional familiar with the student's condition and history.
- The professional completing the form is not a family member of the student or someone who has a personal or business relationship with the student.

Documentation Retention

All submitted materials will be held with OCC Disability Services as confidential educational records under the Family Educational Rights and Privacy Act (FERPA). Students have a right to review their educational record. However, students are encouraged to retain their own copies of disability documentation for future use as the college is not obligated to produce copies for students. Under current New Jersey record retention requirements, disability documentation is mandated to be held for only two years after a student has stopped attending the college.

Methods of return to OCC Disability Services:
